ABOUT ME

Enthusiastic undergraduate student at VIT Chennai with a strong passion for learning new concepts and solving problems through programming. Seeking opportunities to apply my skills and knowledge in web development and programming to contribute to innovative projects.

I'm a dedicated team player who understands the importance of collaboration and synergy within a group. I'm eager to work with others, valuing their opinions, and actively contributing to collective goals.

I'm a member of the Finance Management Club in my college and have actively participated in hosting events representing the club.

PERSONAL PROJECTS

Fin-Tech Security using Cryptography

- "Implementing cryptographic techniques in a fintech security project to safeguard sensitive financial data and transactions."
